

Offshore Wind Sector Deal

A partnership between industry and Government

- Part of Industrial Strategy, and Clean Growth Grand Challenge, Published 7 March 2019, after two years of negotiations
Gives a level of certainty unmatched by any other European government
- The Deal is built on the five foundations of the Industrial Strategy: **Ideas, People, Infrastructure, Business Environment and Places**
- Transformative strategy to deliver at least 30GW by 2030 backed by £557m CfD auction commitment (and 50GW by 2050)
- Commitment to grow UK content from 50% to 60%, and support UK supply chain through £250m Offshore Wind Growth Partnership
- Increasing employment from 7,200 to 27,000 by 2030 and increase sector diversity
